

TO: Quantum3D Sentiris Customers
DATE: October 25, 2011
SUBJECT: End of Life (EOL) Notice No. 051-0004-00-- for Sentiris 4110 Model CV10, CV15, CD13

Dear Valued Quantum3D Customer,

This letter provides End-of-Life (EOL) Notification for the Quantum3D ("QUANTUM3D") Sentiris 4110 Models CV10, CD13, and any derivative models thereof.

The purpose of this letter is to provide the opportunity for customers to participate in the Sentiris Last Time Buy Program, allowing a process and schedule for ordering required stock and/or spares. There are a limited number of Sentiris 4110 Models CV10 and CV15 available for purchase, on a "first-come, first-serve" basis. There are no Sentiris 4110 CD13 conduction-cooled models available. There is no replacement product planned at this time. Please contact Quantum3D Sales for other embedded system level solutions offered by Quantum3D.

Please note that the issuance of this letter marks the beginning of the Last Time Buy schedule. The details of the schedule are described in **TABLE 1**, below:

	Item	Date	Comment
1	EOL Notification	October 25, 2011	The effective date of this letter
2	Deadline for new orders	December 30, 2011	The date by which customers must have placed orders with QUANTUM3D for the purchase of additional Sentiris 4110 CV10 and CV15 models.
3	Delivery deadline	January 31, 2012	The date by which new cards must be delivered to customers under the terms of this Last Time Buy program. This allows proper management of hardware warranty per the standard QUANTUM3D Inc terms and conditions. Note that standard shipment dates will apply in general and that extended delivery dates must be approved by QUANTUM3D management.

TABLE 1: EOL/Last Time Purchase Schedule

Equipment purchased on the Last Time Buy program will be covered by the standard hardware warranty as described in the Quantum3D Terms and Conditions of Sale, available for review at <http://www.quantum3d.com/toc.html>

Please note that lack of response per the schedule above will be construed by QUANTUM3D as a lack of

interest on the customer's part relative to participating in the Last Time Buy program. This, in turn, may preclude QUANTUM3D from providing equipment or support, due to limited supplies of key components and engineering resources.

To express your interest in participation in the Sentiris 4110 Models CV10 and CV15 Last Time Buy program, or if you have any questions about the content or schedule, please contact your QUANTUM3D Sales Representative or via electronic mail to sales@quantum3d.com or via US Mail to:

Quantum3D Sales Administration
5400 Hellyer Avenue
San Jose, CA 95138

Sincerely,

A handwritten signature in black ink, appearing to read 'Pratish Shah'.
